Electrical Wiring, so we did not. Our Church had a shipment of sheetrock donated. The week that we received what we needed my brothers in law & 10 men from the Church in North Carolina came to my home to work and wanted to install the sheetrock but it was a holiday and we could not get an electrical permit. They went ahead and put up about ~~2/3~~ of my sheetrock. I just hope that we do not have to take it down.
